EASTLAKE Auto Glass LIMITED WARRANTY

Your replacement automobile glass is warranted against defects in material and workmanship for as long as you the original customer owns the vehicle. (Truck sliding back glass and all Camper RV glass is warranted for one year) Damage not involving defective workmanship or materials is expressly excluded from coverage under this warranty.

We appreciate the opportunity of serving you and sincerely hope you are pleased with the job performed. If for any reason you are not completely satisfied, do not hesitate to contact us for immediate attention!

WINDSHIELD ADHEASIVE CURE TIME

CAUTION

Your windshield has been installed by a NGA certified installer. He has used state -of -the-art automotive sealant that needs sufficient cure time to meet the federal motor vehicle safety standards for windshield retention. The “minimum drive away time” for this vehicle is determined on a number of factors which may include; the presence of a passenger side airbag, adhesive used & the temperature & humidity at time of installation. Out of concern for our valued customers we strongly recommend that you avoid driving your vehicle during the cure period of the automotive adhesive sealant.

During the next 12 hours you can help ensure a factory-tight seal by following these guidelines:

- 1) Avoid a high pressure car wash
- 2) If tape was used to secure moldings, the tape should be carefully removed after 12-24 hours

WINDSHIELD CHIP REPAIR

The repair process involves the injection of special adhesives into the damaged part of the glass. The degree of success of each repair is a function of several variables. The best results are obtained when the damage is recent, the point of impact is small, the cracks around the damaged area are small & there is no moisture or other foreign matter in the damaged area.

In some cases the attempt to repair a windshield can result in the chip or crack becoming larger, and we are not responsible for such damage.

The windshield repair performed on your vehicle is warranted for as long as you own the vehicle. If you are dissatisfied with the repair Eastlake A/G will apply the cost of the repair towards the purchase of a new windshield. If the original repair was covered by insurance, credit will be given to the insurance company.

Thank You for choosing EASTLAKE and please remember to buckle up!
